

I, the duly authorized Master Plumber, certify that I have read and personally completed this application and that:

(Completed Item 1 only if fixtures are to be added to the existing water service and/or distribution system.)

1. I have checked the job site, and a water service to service property listed on front of this application is now installed in accordance with requirements of Section 1205.2 of the Hueytown Plumbing Code and I have determined that the existing system is of adequate size and condition to supply the new and existing fixtures with a minimum of 8 PSI* at the point of outlet discharge when the system is under maximum demand.

*15 PSI for fixtures with flush valves

Yes _____ No _____ The water meter number is _____

APPLICABLE TO NEW WATER SERVICES OR SERVICE REPLACEMENTS.

2. I have applied to the Water Works Company for, and have been granted a water tapping authorization for the property listed on the front of the application. Yes ___ No ___ This authorization number is _____

3. All work done on this job is to be performed only by certified Journeyman Plumbers under my supervision or by myself, and, if an Apprentice Plumber is employed on this job, he will be under the direct supervision of a certified Journeyman Plumber and/or myself, and I assume all responsibility for the employment of only personnel certified in accordance with the Hueytown Plumbing Code and that all plumbing work authorized under the permit requested by this application will be done in compliance with the Plumbing Code and other applicable ordinances of the City of Hueytown.

4. All information given herein is true and correct to the best of my knowledge. I am fully aware of all provisions of the Hueytown Plumbing code regarding revocation of permits.

5. All Copper Water Lines that have Solder Joints, shall be soldered with Lead-Free Solder (Per Public Law 99-399-June 19,1986).

6. All requirements for check valves by water purveyors on commercial and residential property will be adhered to. (in line checks)
